Eurolift
ASCENSEURS

Goods lift

Bespoke goods lifts

From 100 kg to 10 tonnes | 0.1 to 0.2 m/s | Up to 8 stops | Dumbwaiters from 24 to 300 kg

Heavy loads, trolleys, pallets: every goods lift is sized for the load, the loading method and the frequency of use.

GOODS LIFT

Bespoke goods lifts

Heavy loads, trolleys, pallets: every goods lift is sized for the load, the loading method and the frequency of use.

Key benefits

Sized for your load

Structure, drive and guide rails are chosen for the weight and loading method.

Suitable doors

Automatic or manual doors, single or multiple entrances, depending on traffic.

Tough cabin

Reinforced walls and floors, impact protection.

Safety

Safety components compliant with European standards.

In pictures

Reinforced platform for pallet trucks and trolleys, with side guards or a full cabin.

Guide structures, chassis and cylinders delivered pre-assembled for fast installation.

Dumbwaiters for restaurants, hospitals and shops, up to 3 entrances per floor.

Which buildings

- Industry and workshops
- Logistics and warehouses
- Retail and supermarkets
- Hospitals and laboratories
- Catering

What we need to study your project

The load to carry, the size of the loads, the loading method (forklift, pallet truck, manual), the number of floors and the frequency of use.
